Dear Mr. Burvainis,

I am writing to add my voice of support for the Seminole natural gas pipeline project (Docket No. NG-0051 / PI 130). After reading up on the project and speaking to constituents of Nebraska's 34th Legislative District, I believe that such a pipeline could potentially benefit individuals, businesses, towns and cities in my district, providing additional supplies of natural gas and promoting competition in the area. It could also help to facilitate expansion of growing biofuel industries in our state.

I ask that you please give this project its due consideration and thank you in advance for your efforts.

Sincerely,

A handwritten signature in cursive script that reads "Annette".

Senator Annette Dubas
34th Legislative District
